Subject: FFEO Talking Points
Attachments: Oak Ridge Talking Points TN DOE Consolidated Comments 6-9-21 CLEAN.docx

Here are the clean talking points from FFEO. First page is the high-level talking points. Pages two to four are a more detailed version of the talking points. We in ORC deferred to John on the talking points from the Region. OGC only made high level comments. I don't see an issue with the climate change or EJ portions and would suggest that we focus on the talking points about the decision.
